#### King of all the World

Today we finish our series Jesus King of all the World. His message started in a small occupied country and yet spread to every corner of the globe. Every continent, island, generation across 2000 years. From frightened defeated followers suddenly people from across the world are hearing the glory of God and the work of Jesus. How did God do it? How did he set the world on fire? Fire needs three things. Fuel, God provided it in the words of Jesus. But fire also needs heat and oxygen, and on the day of Pentecost he provided both with a wind and flames as the Holy Spirit was poured out. A raging fire was kindled that has transformed the world for generations. Do you know the fire of God? Do you worry the flame has gone out? Pray now "Come Holy Spirit", God always answers that prayer.
